

HUMANE IS BEAUTY

Beauty machines of the era

CATLOGUE 2026

BEAUTY MACHINES OF THE ERA

A company which has created its own accord and enigma in the beauty products manufacturing, thoroughly exemplifying the fact that humane is about beauty

since 1964, we have not just created products which care about the beauty needs of every distinct category; but which are an emblem of attitude reflecting the day to day variations in age, society, lifestyle and socio-biological necessity of the globe.

we are a proud designers and manufacturers of above 365 beauty equipments in the distinct domains, namely, hair-care, face & skin treatment, leisure & spa, body and salon segments.

with the required technical expertise and skilled craftsmanship we carry a philosophy of prudence and functionality in usage which makes us one of the best beauty equipment makers in the globe.
